ITP-ZSTU:

Title of Workshop	Processing Technology and Innovation Design of Modern Silk Products
Funding Organization	Ministry of Science and Technology, P.R.China
Organizer	Zhejiang Sci-Tech University
Co-organizer	International Silk Union

Workshop Specification

This workshop is a part of the International Training Program funded by Ministry of Science and Technology (MOST), P.R. China, which will be held on Oct. 12-Oct. 26, 2016 in Zhejiang Sci-Tech University (ZSTU). The workshop aims to promote the further development of silk industry in the developing countries.

The workshop will implement a series of modular training courses to enable the participants to be better engaged in the silk design, technological innovation, quality control and management, as well as providing the opportunity for the participants to learn from each other.

Programs

Training Time: Oct. 12 - Oct. 26, 2016

Training Language: English

Training Location: Xiasha campus, ZSTU, Hangzhou, P.R. China

Training Courses: Silk fiber processing technology

Silk textile design

Silk textile weaving technology

Silk dyeing and finishing technologies

The detailed contents include current and development of Chinese silk industry, silk fiber and raw silk processing technology, pattern and color designs of silk fabrics, computer aided design (CAD) of silk Jacquard fabrics, modern silk-yarn preparation, modern silk-weaving equipment, silk dyeing and finishing technologies, and digital printing technique, etc.

Practical Courses: The participants will visit 4-5 well-known silk enterprises, take part in China International Silk Expo and visit China National Silk Museum, etc. The participants will have the opportunities to discuss and exchange their ideas with the invited industry officials, senior managers and technicians from the silk companies

Cultural Experiences: Hangzhou is one of the most popular tourism cities in China, famous for its natural scenes, historical and cultural heritages. More detailed information about Hangzhou is available at: <http://en.gotohz.com/>

Participants who have completed all courses and been qualified in assessment will be awarded a certificate issued by Ministry of Science and Technology, P.R.China

Candidate Requirement

Eligibility: Textile & silk technicians, enterprise managers, and relevant government & organization officials with a bachelor degree or above, without communication difficulty in English medium

Number of enrollment: 20

Registration website: https://168.160.11.33/student_login.aspx

All candidates should fill in the application form (in the attachment) and send it to ZSTU by E-mail with **employment certificate** (English version) and **passport photocopy**. The application form can be downloaded at: <http://admission.zstu.edu.cn/en/Downloads.aspx>

Important Dates
