

## 18<sup>th</sup> European Week of Regions and Cities 2020 Guide for Event Partners

*This guide explains how the 18<sup>th</sup> European Week of Regions and Cities will be organised in 2020 and how potential partners can apply to hold their sessions of the programme, including the roles and tasks of organisers and the various partners.*

### 1. What is the European Week of Regions and Cities?

The European Week of Regions and Cities (#EURegionsWeek) is the biggest annual Brussels-based event dedicated to cohesion policy.

It has grown to become a unique communication and networking platform, bringing together regions and cities from all over Europe, including politicians, administrators, experts and academics. Over the last 17 years, it has done much to promote policy learning and the exchange of good practice.

In 2019, the #EURegionsWeek reached a record high of more than 9000 participants and more than 330 sessions – proof of the event's relevance and potential as a platform for discussing and showcasing the development of EU cohesion policy and making decision-makers more aware of the importance of regions and cities in EU policy-making.

### 2. Who are the event organisers?

The European Week of Regions and Cities is organised jointly by the European Commission's Directorate-General for Regional and Urban Policy (DG REGIO) and the European Committee of the Regions (CoR).

Together they are responsible for the design and format of the conference and its programme, and for general coordination and communication with all partners.

### 3. What is the purpose of the European Week of Regions and Cities?

- **To discuss common challenges** for Europe's regions and cities and examine possible solutions by bringing together politicians, decision-makers, experts and practitioners of cohesion policy, as well as stakeholders from business, banking, civil society organisations, academia, the EU institutions and the media;
- **To provide a platform for capacity-building and the exchange of experience** and good practice for those implementing EU cohesion policy and managing its financial instruments;
- **To facilitate cooperation and networking** between regions and cities;
- **To feed into the debate on EU cohesion policy** in a wider context, including recent research and views from third countries and international organisations.

#### 4. When and where is the event taking place?

The 18<sup>th</sup> European Week of Regions and Cities will take place from **12 to 15 October 2020** in Brussels, mainly at two venues:

- **The Square, Brussels Convention Centre, Mont des Arts/Kunstberg, 1000 Brussels**
- **European Committee of the Regions, Rue Belliard/Belliardstraat 101, 1040 Brussels**

Regional Partnerships can also hold their event at their regional offices in Brussels at their own expense.

#### 5. What are the topics for the 2020 edition?

- **Green Europe**
- **Cohesion and Cooperation**
- **Empowering Citizens**

As in previous years, an online survey was carried out after the #EURegionsWeek 2019 to discover participants' preferred topics for the following year's edition. Of the more than 1,000 replies received, the majority (388) opted for "Green Europe", followed by (cross-border) "Cooperation" and "Shaping the future together" (citizens' participation and the Conference on the Future of Europe, which will start in Brussels in spring 2020).

In 2020, the Interreg programmes (European Territorial Cooperation) will celebrate their 30th anniversary. The European Week of Regions and Cities will be an opportunity to mark this important milestone ahead of the 15-16 October Interreg annual event at the Square.

#### 6. Target audience

The European Week of Regions and Cities and its events are aimed at:

- European, national, regional and local government officials and experts in the field of managing and evaluating cohesion policy programmes;

These partners are invited to carefully read the section on the criteria for creating a regional partnership and their composition.

**Partners are asked to follow this guide when contributing to the event and to comply with the deadlines and any other obligations communicated by the organisers.  
The organisers reserve the right to exclude any event partner who fails to abide by the rules and obligations.**

## 8. What is a Regional Partnership and who can apply?

A "Regional Partnership" is a group of regions and cities (minimum three, maximum twelve partners) organising a session at the European Week of Regions and Cities between 12-15 October 2020 aimed at exchanging experience and good practice and facilitating cooperation and networking. The Regional Partnerships will contribute to the event programme by holding their session. In accordance with the rules in this guide, they will be fully responsible for the session in terms of its topics, timing, publicity and the obligations of partners.

### Composition of a Regional Partnership

Regions and cities are invited to establish Regional Partnerships and become partners of the European Week of Regions and Cities. In addition to the general conditions and organisational aspects set out for all event partners, the following criteria should be met:

- Regional Partnerships must be composed of at least three and not more than twelve regions or cities from at least three countries, with at least one partner from an EU Member State. Please note that in the evaluation process priority will be given to regional partnerships made up of more than three partners;
- Regions and cities from the same country should not account for more than one third of the partners of a Regional Partnership;
- Regional Partnerships must be **headed by a lead partner** (session organiser). The lead partner is responsible for (a) managing the tasks within the Regional Partnership and (b) acting as a contact point with the event organisers (CoR/DG REGIO);
- Regions and cities can only be part of one Regional Partnership in a given year;
- Regions and cities are encouraged to work with other regions or cities with whom they have not previously formed a partnership;
- Regional partnerships can hold their session in their own regional offices in Brussels (with a minimum capacity of 50 seats), at the European Committee of the Regions or at the Square, subject to availability. Please note that for sessions held at the CoR's premises, priority will be given to those that involve CoR members and political representatives.

### How to apply?

If you are a region or city, we encourage you to submit your application to become an event partner by setting up a partnership with other local and regional authorities across Europe.

Please use the online [application form for Regional Partnerships](#) and submit the requested information by the **extended deadline of 17 April 2020**.

For promotional purposes, one representative, copyright-free, high-resolution photo from each partner region/city should be provided. The photo should bear the name of the partner region/city and should be uploaded via the online application form or sent via email to [EURegionsWeek@cor.europa.eu](mailto:EURegionsWeek@cor.europa.eu).

Regions and cities looking for partners to work with can use the [partner search tool](#). The survey should be completed by **19 February** at the latest. An overview with the results will be published on the event website.

Each region or city in a Regional Partnership may also apply **individually** as an event partner to hold a separate session (EU Regions Talks, Q&A sessions, workshops, participatory labs) or activity (exhibition or tasting). In this case, a separate application form should be filled in, using the [application for event partners](#).

## 9. What conditions and organisational requirements do event applicants have to meet?

- Each applicant must appoint one session organiser (if not assuming the role himself/herself) who is fully responsible for the preparation and follow-up of each session. The session organiser will be the only contact person with the event organisers (DG REGIO/CoR). Using his/her email address, the session organiser should create an EU Login to get access to the Content Management System (CMS) to be able to manage his/her session/activity;
- The subject matter of the session must be transferable to other regions and cities, and detailed project-specific/institutional examples should be avoided;
- Selected applicants commit themselves to seeking to ensure that panels are made up of both female and male speakers. Male-only panels will not be accepted;
- By applying, partners commit themselves to minimising the **environmental impact of their sessions** as well as to respecting the paperless and plastic-free guidance received from the organiser;
- Partners must use the heading "European Week of Regions and Cities" and the branding of the event, in accordance with the branding guidelines, as well as any promotional material produced by the event organisers. They are invited to use the hashtag #EURegionsWeek on social media;
- Selected partners are strongly encouraged to ensure inclusiveness, for example by involving young people, civil society and minorities;

- Speakers and moderators must have both expertise on the specific topic and experience in public speaking. The session organiser is responsible for briefing the speakers and providing them with the necessary support;
- Participants at the European Week of Regions and Cities may not be charged a fee for any event. The partners are not allowed to conduct commercial activities during these events;
- Joint organising of sessions between regional offices, the European Commission and the CoR is encouraged. This will make the programme more dynamic and lead to a better mix of politicians, high-level officials, academics and private-sector entrepreneurs, making the event unique;
- The organisers of the European Week of Regions and Cities will look at the quality and relevance of the session proposed. It should prompt debate, networking, capacity-building and the exchange of experience and good practice among partners and participants. It should also involve political representatives and partners from the public, business and/or financial sectors and/or academia – and/or foster exchanges on public-private partnerships in the field of regional and local development.

**Partners are responsible for the organisation of their session and its logistics, but they must comply with the subject priorities, timeslots and quality standards set by the organisers.  
The organisers reserve the right to exclude partners at any moment should they fail to abide by the rules and obligations or should the required tasks not be completed on time.**
