

19th NRN meeting Field trip Information

Gdańsk, Poland

September 11, 2013

European Network for
Rural Development

The National Rural Network of Poland is organising two field trips which will give delegates a chance to see local initiatives supported by Stowarzyszenie Turystyczne Kaszuby (*Kaszuby Tourist Association*) Local Action Group and financed from the Rural Development Programme.

The Kashubian Lake district is full of cultural and natural values. The field trips will provide opportunities to see and understand the promotion of agritourism in rural areas as well as the protection of cultural heritage, use of natural resources and creation of

non-agricultural jobs within the measures "Village renewal and development", "Establishment and development of micro-enterprises" and within axis 4 "Small projects".

The field trips will also enable participants to exchange views with the Kaszuby Tourist Association LAG and some local entrepreneurs, who will show the results of implemented projects, including a cooperation project entitled "A visit to the Kashubia and Kociewie region – rural tourism catalogue".
