

CROPS BASE WORKSHOP (Fruit & Vegetables)

**Warsaw | Poland
13 - 14 September 2011**

Workshops are a very important means for GLOBALG.A.P to reach out to the experts working in the implementation of Good Agricultural Practice worldwide.

Content of our workshops are the rules of our system (General Regulations) and the requirements to be implemented on the farms (Control Points).

Our trainers provide participants with all necessary material and work on practical case studies.

- What is behind GLOBALG.A.P
- How does the certification system work?
- How can the standard requirements be implemented?
- What is new?
- How can different cases be solved?

Who should participate?

Producers, consultants, new inspectors, as well as anyone who is interested in how the GLOBALG.A.P certification system operates.
