

CLLD Cooperation OFFER

Title of the proposed project

“Custòdia per Desenvolupament” – Land Stewardship for Local Development

Type of project

- Cross-border cooperation
- With other MSs (no shared border)

Brief summary of the project idea

The aim of the project is to value the heritage of the area; either natural, cultural or landscape. The project wants to dynamize local actors that are needed in land stewardship projects which are: environmental entities, local councils, private and public land owners and citizens in order to achieve and conserve more places in our area of action.

Land Stewardship

Objective

Initial position / background / local context of the proposed project

2018, 1st edition of the project: mainly 3 objectives: 1- identify areas where we could use land stewardship (doing a catalogue), 2- identify social and environmental entities and local councils interested in land stewardship, 3 – bring land stewardship closer to the citizens and workers of public organizations (organizing different days with different target groups, either for workers of public organizations or third sector).

2019, 2nd edition of the project: mainly 4 objectives: 1- use the catalogue of the first year to dynamize our local actors in order to achieve some land stewardship agreements and projects. 2- continue identifying areas where land stewardship could be used. 3- introduce land stewardship in local and regional governance. 4- promote land stewardship in corporate social responsibility of our enterprises.

We are willing to follow these 4 general objectives in the near future.

Proposed objectives / target group and activities

Our main objective is to use land stewardship as a conservation strategy for the natural, cultural and landscape resources and values of our area of action and its environment. We aim to use it also for local dynamization and management of entities.

Country and /or kind of partner you are looking for

Right now we are not looking for partners. However, we are willing to know if some LAG is interested in our project to consider options for the near future.

Languages spoken by your LAG staff

Catalan, English and Spanish
