## Heavy Rural

Rocking the rural development

The project idea is to bring together rural areas that are known for or have organised different kinds of events/workshops of heavy rock music.

In the municipality of Lappajärvi has been rock camps for the youngsters led by a respected rock artists from the various bands.

<http://craterrock.fi/>

The organisers of the camp wish to change experiences and the share ideas how to develop their activities with similar rural areas.

The possible joint project could be founded from Leader or EU Youth-programme
