Twinning villages

Sharing best practices and learning new

The project idea of Twinning Villages aims to strengthen and give new ideas to villages by sharing best practices and creating of new networks transnationally.

From each participating LAG is expected to get 3-5 villages involved to the twinning activities.

Activities can be

- Changing best practices via videos, social media and study visits. Also learning by participating in to other partners activities.
- The best practices can be e.g. village services, environment, culture, etc.

- Sharing local examples of everyday life solutions

Keywords:

village life, services, participation, networking
